Are you a young commoner or farmer in the New Forest area? Would you like to find out about invasive non-native plants?

If so, you are invited to an awareness-raising session hosted by The New Forest Non-Native Plants Project at Lyndhurst Community Centre on Friday 10 May 2019, starting at 7pm. No charge. Tea/coffee/biscuits provided.

Topics to be covered will include problems caused by invasive non-native plants, how to identify them and how to control them. If you would like further information please contact Catherine Chatters, New Forest Non-Native Plants Officer on 07770 923315 or at Catherine.Chatters@hiwwt.org.uk

Our Past, Our Future
