

#CareWhereYouCamp

New Forest 2020

The closure of the large Forestry Commission campsites is causing great concern. Wild camping is illegal. It puts at risk commoners' animals and the SSSI-protected habitats.

[Book before you travel](#)

Campsite booking on the official New Forest tourism website www.thenewforest.co.uk
This is a list of those we are aware of. If you run a campsite, let us know and we'll add you.

Commoners - consider opening back-up grazing land to camping this summer to help ease the pressure. Check [here](#) & [here](#) for useful advice on starting a site

We've omitted known [Caravan Club](#) members-only sites not run by commoners. Club members should have these details (£54 to join) You can also try www.campsites.co.uk
